

Dear Member,

In our continued effort to expand the services available to our members, we are now able to offer [HealthCare Assistance with Member Support \(HCAMS\)](#) for you and your family at no cost. HCAMS understands our Union members are *facing more difficult issues during the pandemic than ever before*. There have been increased health and financial concerns. It's been an increased challenge balancing work and family. The lingering uncertainty of our new normal is causing increased stress, anxiety, and substance abuse.

With the COVID-19 crisis there are new concerns and protections in place, and [HCAMS, Your Union EAP](#) can support and assist you. Now more than ever, it's important to know that *you're not alone*, and there are people ready to help you navigate through these issues.

If stress and anxiety are affecting your already complex daily routines, there is help available to our Members. **HCAMS** offers a confidential, no cost **Employee Assistance Program (EAP)** to all our members and their families [24 hours a day, 7 days a week](#).

HCAMS is scheduling trainings on education, stress relief, and wellness
