

FIXING TIER 6

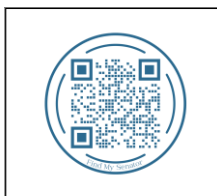

A MAJOR LABOR ISSUE FOR THIS UPCOMING NEW YORK STATE LEGISLATIVE SESSION IS FIXING TIER 6.

Governor Hochul has come out in support of making changes to Tier 6 as have legislators in both the State Senate and Assembly. Local government leaders specifically in counties, towns, villages and others, however, oppose any changes due to claims of increased taxes.

We believe that with the retirement system fully funded, together with the need to recruit and retain public employees, *the time is now for equity*.

We urge you to call or write your New York State Senator or Assembly representative telling them you support tier equality. Below are the QR codes that will take you to the State Senate and Assembly sites to search for your representative and submit your message.

NYS Senators

NYS Assembly

WE WON'T QUIT UNTIL WE FIX TIER 6!!!!
