LEGISLATORS & TELL THEM:

OPPOSE

Steve Sweeney's
*"Path to ~~Progress~~
Poverty"*—yet
another attack on
public employee
healthcare, pensions,
and collective
bargaining rights!

- Senator Sweeney's attack on your pension and healthcare benefits must be stopped! We can win this battle if we act now to fight this injustice.
- The proposals threaten your standard of living by eliminating collective bargaining rights over health benefits. They make it against the law to fund future wage increases from future health care cost savings.
- Every worker with less than 5 years of service will have their pension cut. This will undermine pension funding for your future retirement and current retirees.
- Sweeney is attempting to pit taxpayers against public workers in an effort to "avoid taxing millionaires" who just got thousands of dollars in tax cuts from the Federal government.

WHAT TO TELL THEM:

"My name is _____ and I live in _____.

Support Governor Murphy's budget, including a millionaires' tax to invest in education, transportation, services, and pensions. Millionaires must pay their fair share!

Also, oppose the 'Path to Progress Poverty' attacks on public worker healthcare, pensions, and collective bargaining rights."
